

The logo for HYDENMET, featuring the word in a bold, sans-serif font. The letters 'H', 'Y', 'D', 'E', 'N', and 'M' are white, while 'E', 'T', and 'M' are yellow. The logo is set against a background of three overlapping circles in green, blue, and cyan.

HYDENMET

CLAAP

Climate Awareness & Action Program for Schools.

We have Clean Air.

We have Clean water.

We have Clean Soil.

We eat Healthy food.

We use minimal energy.

Our campus is Green.

We learn how to save our planet.

Did you know that of the 15 lakh schools in India, only 7,000 schools have the “Green School” certification from the Centre for Science & Environment?

**Hydenmet will make your school a Green School through
CLAAP – Climate Awareness and Action Program**

Awareness:

Teacher Training & Certification on Earth Spheres
on www.hydenmet.academy

Student Resources
mapped to curriculum

Presentations

Classroom activities

Atmosphere

Biosphere

Pedosphere

Hydrosphere

Actions to save the planet

Reduce Air pollution

Save water and ensure it is clean

Make soil chemical free

Eat clean food

Conserve energy – reduce wastage

Make campus more green

How do you measure the impact of your actions?

Weather station to measure hyperlocal weather parameters periodically

Measure air quality frequently

Ensure the quality of water you consume is good

Measure how you are getting rid of chemical from your soil

Benefits of CLAAP to all stakeholders

School gets certified as a "Green School" by the Centre for Science & Environment under their Green School Program (GSP)

School gets compliant with NEP 2020 requirements for environmental education

Students, staff and management of school contributing to Net Zero target of our Government

Contributing to making our planet a better place to live

Our students get green jobs

Our Teachers drive Research Projects in Environment

What are you waiting for?
